Logitech PTZ PRO 2 Schwarz Grau 30fps 580 g H.264 UVC 1.5 with Scalable Video Coding SVC HD 1080p

Produktbeschreibung:

Manufacturer Code : 960-001186. Logitech Video
Conferencing Camera - 30 fps - Black Silver -
USB - 1920 x 1080 Video - Auto-focus.A LEAP FORWARD
IN OPTICS AND PERFORMANCE Logitech PTZ Pro 2 delivers
premium optics and life-like video to create the
experience of sitting together in the same room
even if you are a thousand miles away.
Technical improvements accent the camera's brilliantly
sharp image resolution outstanding color reproduction
and exceptional optical accuracy.
At half the price of comparable models PTZ Pro
2 is clearly the smart choice.
ADVANCED VIDEO TECHNOLOGY PTZ Pro 2 features state-of-the-art
camera technology including 10x HD zoom with 260-degree
pan and 130-degree tilt.
Far-end camera control and three adjustable presets
add convenience for meeting organizers.
H.264 UVC 1.5 with Scalable Video Coding (SVC)
reduces bandwidth requirements.
EASY TO SET UP AND USE PTZ Pro 2 connects with
a single USB cable.
Certifications with leading VC applications make
it easy to use any video conferencing applications
- including the ones you already use.
CAPTURE THE ACTION IN HIGH-DEF Outstanding image
resolution color reproduction and optical accuracy
make PTZ Pro 2 an ideal choice for large conference
rooms and auditoriums.
Upgraded motor assembly enables fluid movement
from preset to preset.
Precision lens automatically focuses on people
and objects to deliver sharp resolution.
OPERATE NEARBY OR FAR AWAY Pan tilt and zoom with
the hand-held remote to see everything in your
conference room auditorium classroom or workspace.
The camera can also be operated from a remote

location with downloadable software.
