Produktbeschreibung

Planet Industrial 2-port 10/100/1000T 802.3at PoE+ Injector Switch 1 Gbps TCP/IP Power over Ethernet Kabellos RJ-45 Slim-Gehäuse

Produktbeschreibung:

4x 10/100/1000BASE-T RJ45 interfaces 2-port Data + Power output 2-port Data input 1 terminal block for master and slave power input with reverse polarity protection Power Range: 48 ~ 56V DC redundant power (IPOE-260) Power Range: 12 ~ 56V DC redundant power (IPOE-260-12V) LED indicators for power LED and PoE-in-use PoE: Gigabit Power over Ethernet Plus mid-span PSE IEEE 802.3at PoE+ compliant IEEE 802.3at splitter devices compatible Supports PoE Power up to 36 watts for PoE port Provides DC 54V power over RJ45 Ethernet cable to device Auto-detection of PoE IEEE 802.3af/at devices Remote power feeding up to 100m Industrial Case and Installation: IP30 slim metal case DIN-rail, wall-mount or side wall-mount design Supports 6KV DC Ethernet ESD protection -40 to 75 degrees C operating temperature Advanced 802.3at PoE+ Network Solution: PLANET IPOE-260 2-Port, Mid-span Industrial IEEE 802.3at Power over Ethernet Plus Injector Hub series provides a maximum of up to 36 watts of power output over Ethernet cables. It frees the security IP camera and wireless AP deployment from restrictions of power outlet locations and the additional AC wiring. It thus reduces cables and eliminates the need for electrical outlets on the wall or ceiling, and most of all, it reduces installation time.
