Höhe 1mm

Produktbeschreibung

Quantum LTO8 Tape Half Height Tabletop 6Gb/s SAS Black Serial Attached SCSI VXAtape Kassette

Produktbeschreibung:

Manufacturer Code : TC-L82BN-AR. Quantum LTO-8 Tape Drive - 12 TB (Native)/30 TB (Compressed) - Black - 6Gb/s SAS - 1/2H Height - Tabletop - 300 MB/s Native - 750 MB/s Compressed - Linear Serpentine - Encryption - WORM Support. Quantum LTO Tape Drive: Now with DATASTOR Shield Deduplication Software. Quantum's LTO stand-alone drives deliver a simple affordable all-in-one data protection solution that customers can depend on. Many companies can store all their data on a single cartridge thanks to the tremendous capacity LTO technology provides.

In addition companies can keep this data secure using AES 256-bit encryption as tapes are transported off-site for disaster recovery or long-term archiving. Quantum's LTO tape drives are WORM capable allowing companies from healthcare financial and other related industries to meet tough regulatory requirements. LTO technology offers backward read and write capability providing an archive tape recovery solution with newer-generation drives. Linear Tape File System (LTFS) software allows customers to simply drag and drop files to Quantum LTO tape drives as they would to a hard drive. This eliminates the need for backup software and allows the information written on tape to be exchanged easily between different users operating systems and software. This is highly beneficial for many applications-including media and entertainment video and imaging long-term archiving among others-where removing the dependence

on a proprietary format is important.

LTFS is compatible with Windows Linux and Apple Mac operating systems. Quantum tape drives now include DATASTOR Shield™

backup software with deduplication to supercharge your backup.

Quantum and DATASTOR have teamed up to provide the first backup with deduplication straight to tape.

This technology which reduces backups significantly (up to 20x) allows you to store more data per tape than competitive models.

Technische Details:

Leistung

Eingebaut

Nein

Typ

LTO

Kompression Verhältnis

2.5:1

Schnittstelle

Serial Attached SCSI (SAS)

Produktfarbe

Schwarz

Unterstützte Sicherheitsalgorithmen

256-bit AES

Speichermedien

Kapazität (komprimiert)

30000 GB

Unterstützte Medientypen

LTO-8, LTO-7

Datenübertragung

Backup-Leistung mit Komprimierung

2700 GB/h

Datenübertragungsrate

6 Gbit/s

Verpackungsinhalt

Anzahl

1
