## Produktbeschreibung

Quantum LTO Ultrium 7 6 TB / 15 Medien-Kassette Violett

Produktbeschreibung:

Manufacturer Code : MR-L7MQN-01. Quantum Data Cartridge LTO-7 - 6 TB (Native) / 15 TB (Compressed) - 960 m Tape Length.Meeting the Needs of a Broad MarketWHY CHOOSE QUANTUM LTO ULTRIUM MEDIA Quantum's LTO Ultrium media is manufactured to the highest industry standards for quality and reliability ensuring high performance and durability whether utilized for primary backup or long-term archive.

A pioneer of the LTO Consortium Quantum is committed to the continued development of the LTO platform. Quantum's comprehensive media quality monitoring and extensive interoperability testing ensures cross-platform compatibility optimal performance and reliability whether you're using a Quantum tape drive library or other LTO-compatible hardware. Quantum's LTO Ultrium media is compliant with all Media Integrity Analysis utilities.

However use Quantum LTO Ultrium media with Quantum's Advanced Media Usage Report and Extended Data Life Management (EDLM) and you add another level of protection throughout the lifecycle of your data. Media analysis and usage reports provide a view of the media condition for an entire media pool used within a specific tape library even those in off-site storage.

EDLM is a unique Scalar® automation feature designed to ensure the media integrity of cartridges placed in long-term archival or vaulted storage and are no longer used during normal operations.

When your critical data is involved it's important to have a complete health record of your media. LTO Ultrium WORM (Write Once Read Many) media cartridges are available to meet today's stringent regulatory and compliance requirements. Combined with native AES 256-bit encryption on LTO-7 LTO-6 LTO-5 and LTO-4 drives WORM cartridges physically prevent data from being overwritten or tampered with providing a reliable accurate and scalable data integrity solution. Quantum's LTO media offering supports your comprehensive inch edge-to-coreinch backup recovery and archive strategy. When you use Quantum media and hardware you get the added assurance of over 30 years of storage experience and service behind the entire solution. QUANTUM OFFERS COMPLIMENTARY VALUE-ADDED SERVICES TO SAVE YOU TIME AND MONEY MANAGING YOUR MEDIAHave you ever spent hours unpacking labeling and loading media into your library? Why waste IT resources unpacking boxes and labeling cartridges? Your time and your data are valuable. We understand that. Allow Quantum to pre-label your data cartridges with your requested bar code label sequences and color scheme. They will arrive ready to load into the library. No need for individual cartridge cases? No problem! We offer inch library packaginginch to save you time! This eco-friendly bulk packaging option protects cartridges during shipment and storage without the individual cartridge cases. This allows quicker access to the cartridges to expedite loading into automation slots/trays-and it results in less waste. Combine bar code labeling with library packaging and save even more time!
